

## BUCK MASSIE WINS

## QUEEN CITY HANDICAP BRINGS OUT THE GOOD ONES.

To Tambien Carries Most of the Money but Goes Off Sulky, Making an Effort which Looks Like Winning, but Lets Up and Falls Even of a Place—Roy El Santa Anita Beats Dorian, Who is an Odds-on Favorite at Morris Park—One Favorite Wins at St. Louis—Other Races—Sporting News in General.

Cincinnati, Oct. 19.—One of the best handicaps of the year was the stake race, the Queen City handicap, at LaSalle today. Eight high class horses went to the post. The only drawback was the long delay at the post, some forty five minutes, caused by Roy El Tambien. Free Advice and Simon W. Buck Massie was in the front from the flag fall to finish, but in the run home six horses came down the stretch almost abreast. It was a grand race, handsomely won by Buck Massie in the last sixteenth. Roy El Tambien carried the bulk of the money. She sat out at the post and did not get to running until reaching the half-mile post, when she moved up amid wild cheers from the grand stand. She looked a winner half way down the stretch, but gave it up and dropped back. The finish of the last race between Roy El and Santa Maria, was as close as could be and not a dead heat. Weather cold and blustering. Track fast. Summaries:

First race—Selling; six furlongs: Lady Pepper, 3 to 1, won; Siluria, 4 to 1, second; Fairchild, 10 to 1, third. Time 1:17.

Second—Selling; mile: Semper Lex, 2 to 1, won; Prince Carl, 8 to 5, second; Ace, 12 to 1, third. Time 1:42.

Fourth—Queen City handicap, value to winner \$3,450, mile and an eighth: Buck Massie, 9 to 1, won; Simon W, 4 to 1, second; Pepper, 4 to 1, third. Time 1:24.

Fifth—Purse, five furlongs: Mattie Lee, 2 to 1, won; Elsie O, 7 to 1, second; Inverlue, 30 to 1, third. Time 1:04.

Sixth—Selling; six furlongs: Olive, 4 to 1, won; Santa Maria, 4 to 1, second; Tinkle, 6 to 1, third. Time 1:15.

Morris Park Races.

New York, Oct. 19.—There was some good racing at Morris park and the attendance was the largest of the season. The best race was the fourth, in which two horses went to the post with Dorian as an odds-on favorite, while Roy El Santa Anita was lightly thought of.

The light-weight Captain T, shot to the front and kept the lead to the last, long when he fell back beaten and Bathampton and Santa Anita took up the running. The California horse won easily with Bathampton second and Captain T third. Dorian was last. Summaries:

## FOUR IS THE FIGURE

## WORLD'S RECORDS HAVE A HARD TIME OF IT AT DENVER.

Becker Goes an Exhibition Class B Mile in 1:51 3-5, Murphy Lowers Both Class B and Professional Records in the Class B Exhibition Mile—Murphy Reduces Bald's Time in the Half-Mile Handicap and Bird Lowers Johnson's Half-Mile Class B Unpaced Record—Mile National Championship.

Denver, Oct. 19.—Four world's records were broken at the national circuit, L. A. W. races today. In the half mile handicap, class B, C. M. Murphy rode from scratch in 58 1-5, reducing Bald's time of 1:00 made on the same track last year.

P. J. Becker of Denver went an exhibition mile, quad paced, in 1:54 3-5, reducing the record from 1:55.

E. B. Bird of St. Paul set a new mark in the half mile class B paced, riding in 21 seconds, lowering John S. Johnson's time of 21 1-2 for public exhibition, Foster's time of 48 seconds not being allowed, there being a drop of eight feet in the half mile.

C. M. Murphy had a try at the class B exhibition mile, his time being 1:52 2-5, beating the quad and lowering both class B and the professional records.

The Denver class B quad team went a half mile in 1:51 3-5, a new record.

The one mile national championship was a disappointment on account of poor racing. The pace was set by Murphy, Wells, Bird, Himstret and Oliver started. The quad was very slow and the riders ran away from it. At the quarter the quad came up fast and passed the field. Wells getting the position, three lengths ahead of the bunch. But this pace was too hot and the quad slowed down. When the field caught them Cooper pulled back and was followed by Bald and Murphy trailing. In the rush for the tape Bald was first, Cooper second and Murphy third, Himstret fourth. Cooper was last.

Quarter mile, class A: C. W. Card first; Green, second; Collins, third. Time 24 1-2.

Half mile handicap, class B: Himstret (50 yards), first; Hale (60 yards), second; Bliss (30 yards), third. Time 32 1-2.

Mile tandem, class B: Dennis and Pollard first; Banks and Kruetz, second. Time 2:08 1-2.

Mile national championship: Bald, first; Murphy, second; Himstret, third. Time 2:06 2-5.

Two-thirds mile, winners class A: Becker, won; Green, second; Collins, third. Time 2:45.

Two-thirds mile, winners class B: Murphy won; Bald second; Bird third. Time 1:29 1-2.

Latest record by Foster.

Napa, Cal., Oct. 19.—Walter Foster broke the crack San Francisco cyclist, broke the world's record for mile paced, flying start, time being 1:46 1-2. He will try to lower his own record on Monday. He was paced by a quad for seven-eighths and went the last eighth alone.

COME TO MAGIC WYANDOTTE.

Only Town in Indian Territory where White Men Can Own Property.

Come and see Wyandotte, I. T. The only railroad town in the Indian Territory where a "white man" can own property and do business in his own name. No permits or post-tradepaper licenses required. Located in the United States government or Indian lands. No taxes.

Wyandotte is beautifully located at the confluence of Neosho and Spring rivers abounding in running streams of the purest water. The Indians in this, the Quapaw agency, have all their lands allotted and are citizens of the United States. Two-thirds of the population are well-to-do white men, cultivating their farms. Wyandotte is geographically located in the center of the Quapaw agency and destined to become a county seat. This country has been farmed extensively for the last twenty years and will scarcely be a failure in crops. It is strictly within the "rain belt" and when a man plants here he can depend on the towns on the border of the Quapaw agency, in the states of Kansas and Missouri, have received for the last twenty years the best of the nation's support from their support from this vicinity.

A splendid opening is offered for large stocks of dry goods, hardware, groceries, furniture, etc. for sale by retail and wholesale trade. The rivers are the most beautiful and picturesque streams in all of the south and west. Lightly tree covered and the banks are high, protecting it from the bleak winds which make life miserable in the regions bordering on the plains.

In the heart of the country, zinc and lead mines are being operated and it is practically certain that within a few years there will be a continuous mining camp from Joplin, Mo., to Wyandotte City, I. T. Congress has already passed a law authorizing the mineral lands for the use of the Indian Territory and the federal courts of the Indian Territory jurisdiction over all mining controversy.

All of the resources and facilities are here to make this the leading city in the Indian Territory for the purpose of the southwest. All we ask you to do is to visit us and inspect the town and country.

Wyandotte is distant from St. Louis 329 miles; from Springfield, Mo., 100 miles; from Joplin, Mo., 40 miles; from Kansas City, Mo., 120 miles; from Muskogee, I. T., 36 miles. We are contiguous to the most fertile lands and the richest lead and coal mines in the Territory. We have the best of the country and the best of the world's resources. We have the best of the world's resources. We have the best of the world's resources.

WHITNEY IS CERTAINLY IN IT.

New York, Oct. 19.—William C. Whitney is a candidate for the nomination for the presidency and is preparing to make an active and energetic fight for the nomination. Those who appreciate his well organized abilities as a political manager and leader realize that all the splendid power which he so successfully displayed in behalf of Grover Cleveland at the Chicago convention in 1892 will now be put to work in his own interests. He has, however, kept his plans well concealed, and although his name has been many times mentioned in connection with the national nomination, there was no act of his which could be construed into an open effort to make himself the nominee of his party.

Mr. Whitney is one of the largest shareholders in the Metropolitan Traction company, and has since that company secured control of the Broadway Subway railroad. Last Tuesday the annual meeting of the stockholders of the company was held. All present at the meeting and the entire financial world were greatly surprised at the announcement that William C. Whitney declined to further serve the company as a director, and that he had also withdrawn from all the executive boards of the company.

The announcement of the candidacy of Mr. Whitney for the presidential nomination will be a severe blow to the

Local forecast for Wichita and vicinity: Fair; slightly warmer Sunday.

During the past twenty-four hours the highest temperature was 74 degrees, the lowest 42 degrees, and the mean 58 degrees. Wind, north, partly clear weather, fresh to light north wind and average barometer.

Thus far this month the average temperature has been 58 degrees.

For the past seven years the average temperature for the month of October has been 55 degrees, and for the month of November 52 degrees.

Washington, Oct. 19.—Following is the forecast for the week ending Sunday:

For Oklahoma, Indian Territory and Kansas: Fair and warmer; wind shifting to southerly.

For Colorado: Fair weather; southerly winds.

Chicago, Oct. 19.—S. H. Sweet of the weather bureau at Chicago, Ill., is at the post of death.
